

Nebraska Clean Cities Coalition (NeC3) Stakeholder Summit

June 30, 2011, 10am - 2pm
University of Nebraska-Kearney
Copeland Hall Room 142

Please RSVP to Dave Dingman at: nebraska.cleancities@gmail.com or (402) 450-7958

Nebraska Clean Cities Coalition (NeC3) is dedicated to improving the economic and environmental quality of life in Nebraska, and the United States, through fuel diversity in the transportation sector. NeC3 members include federal/state agencies, utilities, municipalities, auto and fuel retailers, manufacturers and producers, fleet operators, city/county/state officials, academic institutions and more.

NeC3 participates in the Clean Cities program sponsored by the U.S. Department of Energy. Since 1993, Clean Cities coalitions nationwide have displaced nearly 3 billion gallons of petroleum. Clean Cities has set a goal of displacing 2.5 billion gallons annually by 2020.
